Advert seeking a PhD graduate to perform researcher activities:

Scientific Employment Competition Ref. IC07/2018

According to the provisions of article 23 of Decree-Law no. 57/2016 of 29 August, and taking into account the legal regime to which it refers, contained in the same legal document, a competition procedure of international selection is open, to fill a doctoral post for the exercise of scientific research activities, financed by national funds through the Foundation for Science and Technology, with the following guidelines and specifications:

Background

- a) The decision to open the competition procedure is due to the fact that the scientific research activities related to the project, under reference SFRH/BPD/80201/2011, are carried out by the postdoctoral fellow, holder of the FCT grant, and fulfilling Article 23 of Decree-Law no. 57/2016 of 29 August.
- b) Considering that the legal cause of the decision to open the competition is the pursuit of scientific research activities by the postdoctoral fellow, the decision to open the contest will be without effect if the fellow, holder of the aforementioned scholarship, does not submit an application.
- c) The contract with the winner of the competition is subject to the condition its being adequately funded by a budget allocation through a development contract to be signed by FC&T with the Institution, in order to fund the competition.
- d) Candidates who do not earn 10 points on a scale of between 0 and 20 of the respective ranking criteria will not be allowed to fill the position due to lack of sufficient absolute merit.

General application requirements:

- a. National, foreign and stateless persons with a PhD in International Health.
- b. Holders of a scientific and professional curriculum vitae that displays an appropriate profile for the activity to be performed;

If the PhD has been awarded by a foreign higher education institution, it must comply with the provisions of Decree-Law no. 341/2007, of 12 October, and the fulfilment of any formalities established therein must occur by the application expiration date.

The recognition of the foreign academic degrees will only be required to the candidates selected to celebrate the employment contract.

If the candidates selected to celebrate the employment contract do not deliver the recognition of the foreign academic degrees until the date of the signature of the contract, it will determine that the contract will pass for the candidate ordered in second place and so on, successively.

Specific admission requirements:

- PhD in international health;
- Experience in international comparative studies, namely in the area of Human Resources for Health;
- Specific knowledge in the analysis of health and development policies and the Global Health Initiatives;
- Experience in research on social determinants of health and social inequalities in countries at different development levels;
- Research experience on mechanisms of use of evidence in health policies;
- In-depth knowledge on the use of qualitative methods applied to social sciences and health.
- Pedagogical experience at pre and post-graduate levels.

Duties to be performed:

- a) Performing scientific research activities in the areas indicated above and related areas;
- b) Raising external funding;
- c) Coordination of national and international projects;
- d) Active role in making international collaborations in the specific scientific area more dynamic;
- e) Training of students at master's, doctorate and post-doctorate level;
- f) Participation in the life of the institute, namely in the activities promoting science.

Contract and Status:

The employment is carried out by means of an unfixed-term contract under the terms of the Labour Code, as a PhD, Level 33 of the single remuneration table (TRU), in accordance with Decree-Law no. 11-A/2017, of 29 December.

Workplace:

IHMT-NOVA Facilities, Lisbon.

Documents that should be included in the application:

- i) Cover Letter (max. 2500 characters, including spaces)
- ii) Future research plan (max. 5000 characters, including spaces);
- iii) Copy of certificate or diploma;
- iv) Detailed curriculum vitae according to the application requirements;
- v) Other documents relevant to the evaluation of the suitability of the requested profile;

Selection methods and their weighting:

- Curricular evaluation (evaluation of curriculum vitae and cover letter and the future research plan, as specified in the general and special requirements) - 90%
- Interview - 10%

Application deadline:

The deadline for submission of applications is 10 working days from the date of publication in the Official Gazette.

Full notice of this procedure will be available on the FCT website at <http://www.eracareers.pt> and on the IHMT website at <http://www.ihmt.unl.pt/category/bolsas-e-concursos/>.

The application must be sent by email indicating the reference in the subject field, to the email address recursos@ihmt.unl.pt by 5pm on 20 the July 2018.

Notification of Results: All applicants will be informed of the results via email.
